

# The 50 MHz DX Bulletin

Volume 17, Issue 8

August 2006

ISSN 1073-1024

The 50 MHz DX Bulletin was founded by Harry Schools K3HS. It is dedicated to the understanding and utilization of long distance propagation in the 6-meter Amateur band. The current editor and publisher is Victor Frank, K6FV. Subscription rates are \$24 U.S. first class mail, \$27 Canada/Mexico airmail, and \$30 by airmail elsewhere for 12 issues. Payments may be made to k6fv through PayPal. Circulation matters and DX reports should be sent to Victor R. Frank, K6FV, 12450 Skyline Blvd., Woodside, CA 94062-4554 USA. My Internet address is victor.frank@sri.com. My web site is <http://www.qsl.net/k6fv>. The bulletin may be freely quoted, provided that credit is given.

## DX Operations

Most of the listings in this column came from SM7AED's notebook.

**Vietnam, XV3DHY, XV3EKK:** Hiro, JA1DHY, and Oshima, JA1EKK, will be active on 6m and selected HF bands from August 31 to September 6.

**Sri Lanka, 4S7CCG:** Bob, ZL1RS, will be on 6m with a 4 el beam and IC706MK2 until November 2006, and has worked into Europe. **4S7AB** in NJ07, however, has worked more stations. See the listings inside.

**Mayotte Is., TX5T & TX5NK:** Tom, DL2RUM, and Jan, DJ8NK, plan 160-6m activity from the end of August through September 11.

**Mauritania, 5T5SN:** silent for a while due to a new born Antoine in the family is very active again on 6m.

**Morocco, 5F3COM:** will be active on 50/144/432/1296, EME, & WSJT, from IM52JJ in October.

**Greece, SX8AYT:** a group of SV radio amateurs plans to operate 80-2m from a few islands in the EU-049 group between Aug 12-27. On the islands of Lemnos and Agios Efstratios they will be joined by local operators SV8CRL and SV8BUZ.

**SV1VS:** Nick plans morning 6m activity from KM06 and KM16 August 17-September 10.

**Montenegro, YT6/DJ0LZ or 4O3LZ:** Ace plans to operate HF and 6m on August 14-25, but is waiting for the license. **4O6DX:** a group of US amateurs plans 160-6m operation on August 14-21 from YT6A's contest location on Obosnik Hill.

**Albania, ZA/IK0OKY:** Emilio is back and making 6m and 2m contacts. He will remain there until mid-September.

**Sardinia, IS0/I0JU:** Giancarlo will be at his summer vacation house in JN40DN from August 4-27 where he plans EME & MS activity on 6m and 2m. His antennas are not steerable in elevation, but have great ground gain as he is just 30m from the beach.

**Montenegro, YT6/DJ0LZ or 4O3LZ:** Ace plans to operate HF and 6m on August 14-25, but is waiting for the license. **4O6DX:** a group of US amateurs plans 160-6m operation on August 14-21 from YT6A's contest location on Obosnik Hill.

**Albania, ZA/IK0OKY:** Emilio is back and making 6m and 2m contacts. He will remain there until mid-September.

**Germany:** A general permission for 6m operation for Class A licenses is planned by the end of August. Note that this includes only CW and SSB (no digital), 25W ERP.

**Market Reef, OJ0LA:** activity on HF and perhaps 6 & 2m is planned from September 8-14.

**Iceland, TF/IW5DCE:** Fabio, IW5DCE, will be on HF-6m over the next six months. There were no 6m listings of him on OH2AQ, but TF3ZA and TF3YH have been active and the TF3SIX beacon has been spotted frequently.

**Greenland, OX/OZ1SKY:** Brian will be operating 6m from GP60 (and maybe GP70 one day) between August 15-22. He will have his cell phone with him, and so if the band opens (OX3VHF beacon), you can send him an SMS to +45 20461332 with opening information.

**Swain's Island:** As a result of the reclassification of American Samoa, Swains Island (which is separated by more than 350 km) qualifies as a new DXCC entity. QSOs may on or after July 22, 2006 will count for DXCC credit.

**Palau, T88LJ (T80W):** Hide, JM1LJS, plans activity from Koror, OC-009, October 6-10.

**Papua, New Guinea, P2/SM6CVX, P2/G3KHZ, P2/G0LMX:** Hans, Derek, and Vincent plan to be active HF and perhaps 6m on October 2-10 from Kiriwina Is. (OC-115), and October 11-14 from Daru Is. (OC-153)

## Beacon News

**South Africa, ZS6TWB:** is back on 50.044 from KG46rc running 8W to a 5/8 wave vertical.

**Greenland, OX4MB:** Bo, OX3LX wrote that he would try to set up a new 4m beacon on 70.012 in GP47.

**California, K6FV:** will be beaming SW (into the Pacific) most of the time from late August through October.

## July-August 2006 DX Reports

July and August have been very active months for 6m, but as I write this, the 2006 Es summer season is winding down. Nevertheless the bulletin is up to 10 pages again, and the non-contributory listings, mostly from the OH2AQ reflector, just cover the period July 13 through August 8. I hope you enjoy the selection of DX reports that I gleaned from 21350.

New this month is an improved method (still a work in progress) for calculating path distances. The method first compares the call signs with those found in a file containing over 600 with their 6-digit grid locators. Lacking a match, distances are calculated from the grid locators in the report.

Lacking that, a 4-digit grid locator is found for the "center" of the call prefix/area.

In the next few months, the bulletin should be back to 8 pages and have more space for articles and photos. (For instance, another group of scientists is forecasting that the next solar cycle won't be so hot.)

Regular contributors featured this month are JA1VOK, XE2HWB, W5UWB, K6QXY, G4UPS, VE7SKA, and YO7VS. Apologies to any sources I may have inadvertently neglected.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is 2006. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, D=Telemetry Data, J=Digital, typically JT6M or JT65A for EME, R=RTTY, S=SSB, W=mode not mentioned (or both CW & SSB), H=heard only. BSc = backscatter.
